

SUPERYACHT SECURITY

Polaris operates a discrete all encompassing 'soft skills' approach to security provision. All our operators are highly skilled and experienced Maritime Operators on top of Fully UK licensed Close Protection Officers.

We operate fully within flag state rules and when required use only fully registered licensed and insured weapons

All our staff are highly skilled enablers and selected for their ability to enhance clients existing staff,

Super yacht Security team members all hold the requirements below as well as

Enabling Security by facilitating Normality

being trainers in the soon to be mandatory Manila Agreement crew training requirements.

- UK Seaman's Card and Book
- STCW-95 Core Modules
- SSO/MSO Accreditation
- ENG-Medical Card
- SIA CP License
- Trauma Medic (FPOS-I)
- CRB Enhanced

Our **24 hour** operations room supports all deployments for their duration

The ability of our highly skilled teams to move from maritime duties to onshore Close protection and facilitation roles is what makes our soft skills approach unique. Highly experienced with High Net Worth , Royal, Diplomatic and Celebrity clients we appreciate discretion and a low key 'can do' delivery is what matters.

Many of our team are qualified mariners in their own right and we look to enhance the service of a clients staff by facilitating them in anyway required. If we have children aboard then our team would be or include Paediatric trained medics. If the vessel is transiting 'high-risk zones' then full y licensed weapons and equipment packages including enhance -ments to the teams medical packs would be included.

Crew Training

Arm your crew with the knowledge and confidence to protect themselves and your vessel by identifying and minimising risks. Our approach to crew training is structured, practical, professional and thorough. As well as the STCS95 compliant courses we deliver all the soon to be mandatory crew courses on board ,ashore at a location of your choice-

PDSD – Proficiency In Designated Security Duties Course

PSA – Proficiency in Security Awareness Course

First Person on Scene Medical Training—including Medical Care On Board Ship
